ARBENZ finca
Report states: "Meanwhile, there have been further reports of campesino mobs taking over land in the Dept. One involved the "Arcos Provincia" cotton plantation belonging to a consortium composed of Antonio VILANOVA, Mrs. Arbenz' brother, Major Francisco MORAZAN, President Arbenz' personal private secretary, and Francisco BARRILLAS. The invasion was said to have affected land not within the purview of the Agrarian Reform and to have taken place at the end of 1953. It has also been reported in the press that Pres. ARBENZ' own "El Cajon" plantation had been invaded in the first week of January and that this was the reason that on Jan 7 the Pres. gave it as his personal order that Major Martinez should go to Escuintla to investigate the situation. Other press reports, however, state that the invasion of "El Cajon" has not been confirmed.
